(By L. J. Overlock.)  
 BOSTON, Feb. 4.—Stocks held steady around yesterday's closing prices. Steel Common crossed 41 and looks like rallying further. American Sugar was the weak feature selling off three points to 103.34. Canadian Pacific was also under pressure, losing over a point. Boston copper continued in good demand, some of the specialties recording sharp advances. Mohawk, Alcoa, Copper Range and Bitter Super for the leaders. The buying of Lake copper inaugurated a few days ago seems to be gaining momentum, with all the operating companies recording fractional to substantial gains. With copper metal firm at 14.34, we still adhere to the opinion that the securities of the good producing companies will advance materially from present levels.

## DRASTIC BILL

(Continued from Page One)

vote of 15 to 3, and the bill remains as it was originally presented, providing that the board shall consist of the governor, auditor and state treasurer, who shall appoint a purchasing agent.

Application has been made to Governor Hunt by a representative of the Chicago police authorities for the extradition of E. S. Osborne, a well known mining man of Parker, Arizona. The proper requisition papers were filed carrying the certification of the governor of Illinois.

The charge against Osborne is obtaining money under false pretenses, although it is understood a charge of embezzlement may later be made. The amount of his alleged speculations totals \$2,800. His operations were confined to the city of Chicago, where he maintained an office in 1914, dealing in mining stocks. Osborne is president of the Zimbo King Milling Co., which owns a group of claims near Parker, said to be valuable. He will resist his extradition and has been granted a hearing by Governor Hunt. He is now under arrest at Parker on a fugitive from justice warrant.

A point against the county seat removal bill was made today when Webb questioned the right of the legislature to make the required number of signatures for election one third of the total registered vote, when the constitution says fifteen per cent of the vote cast for governor shall be the maximum required. Even if a petition is addressed to the supervisors and the entire proceeding is not a part of the direct legislation scheme, Webb contends it is required the signatures must not be over fifteen per cent. Attorney General Jones has been asked for an opinion, pending which, consideration of the bill has been postponed.

## FINANCIAL MINISTERS MEET IN FRENCH CAPITAL

PARIS (Friday) Feb. 4.—Financial ministers of Great Britain, France and Russia have met in Paris to examine into financial questions growing out of the war. It is stated the three powers resolved to unite their financial as well as military resources to carry on the way to victory. "With that idea they decided to propose to their respective governments that they share equally in the advances made or to be made to countries now fighting with them or which take the field shortly for the common cause. The amount of these advances will be covered both by special resources of the three powers and by the issue of a loan in the name of the three powers at the proper time."

The question of the relations to be established between the lending banks of the three countries has been the object of a special agreement. The ministers are to make in concert all purchases for their countries from neutral nations. They have taken the necessary financial measures to facilitate Russian export trade and to restore, as far as possible, the parity of exchange between Russia and the Allied nations. They also decided to meet again as circumstances require. The next conference will be held in London.

## CANADIAN PARLIAMENT OPENS WITH NO OVERT ACTIONS

OTTAWA, Feb. 4.—The parliament of Canada was opened by the governor general, Duke of Connaught, today. Elaborate preparations had been made to prevent attempts of any hostile action and there was an unusual incident. In a speech from the throne, he declared that since the outbreak of the war, "the people of Canada have given most abundant and convincing evidence of their loyalty and that more than 30,000 Canadians have been dispatched across the Atlantic to complete training. It is anticipated that the force will very shortly take the place in the field of action. Large additional forces have been organized from which further contingents are ready to be dispatched."

The government has given notice of its intention of asking parliament to vote \$100,000,000 to be raised by a loan and applied upon the naval and military operations and for insurance or indemnity against war risk if necessary. The house adjourned until Monday.

## MEXICAN WOMEN HAVE HARD TIME REACHING COAST

Wife and Sister of Sinaloa's Villista Governor Land in Los Angeles After Series of Thrilling Adventures.

These are the adventures of Senora E. G. de Riveros and Senorita Fanny Gaxiola since they planned their escape from the palace of the governor of the State of Sinaloa, at Culiacan, Mexico:

Fled from the palace of Governor E. G. de Riveros at Culiacan.

Rode from Culiacan to the port of Mazatlan.

Gain refuge on the Pacific Mail steamer City of Para and reach San Francisco.

Separated by immigration officials because pretty Senorita is under age.

Reunited after a fearful fourteen hours.

SA FRANCISCO, Feb. 4.—(Special)—Senora E. G. de Riveros, beautiful wife of the former governor of the Mexican state of Sinaloa, and her marking-eyed and equally comely sister, Senorita Fanny Gaxiola, are in San Francisco, happy in the belief that trouble which has pursued them for weeks is at an end.

They arrived on the Pacific Mail line City of Para, fugitives from the wrath of the Carranzistas, who turned their political guns against Governor E. G. de Riveros. Since the young women set out for Mazatlan and safety they have undergone a series of thrilling experiences.

They rode for several days over the tortuous trails. Finally they reached Mazatlan and boarded the City of Para, arriving a few days ago in this city. But their troubles were not over. Because she was under age and not accompanied by parents or legal guardian, Senorita Gaxiola was taken to the immigration station at Angel Island for formal examination. Not comprehending the move, both young women begged the officials not to separate them, but their tears and pleas alike were futile.

Uncle Sam considered the case for fourteen hours, after which he permitted the younger woman to rejoin her sister.

The women will go to Los Angeles, Senora de Riveros to join her husband's political sympathizers there, and her sister to enter school.

## GERMAN FORCES LEAVE AFRICAN PROVINCES

LISBON, Feb. 4.—A dispatch from Angola, in Portuguese west Africa, says the natives on both banks of the Kunene river revolted and pillaged the houses of Europeans and killed the administrator of Missonde, his wife and sons. The governor of Angola is organizing a punitive expedition.

## CORN MAD? USE "GETS-IT" IT'S SURE

Makes Corns Vanish Like Magic! A hard nap of skin makes up every corn. When you put 2 drops of "GETS-IT" on it, it shrivels up and comes right off—and there's your corn gone by thunder! Simple as taking off your hat! That's why corns have gone wild over "GETS-IT!"

Don't Waste Time "Hollering." "GETS-IT," World's Simplest Corn Cure, Never Fails. —nothing like it ever known. Some folks, to-day, putter around with bandages, sticky tape, thick plasters, corn "pullers," salves, goose corns out with knives, and then with science make them bleed and then howl because they can't get rid of corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Bisbee and recommended as the world's best corn cure by Phelps, Dodge Mercantile Co.

EVERYTHING, good or bad, gets mo' so with age. That even ain't no fool like an ole fool.

## DR. HOLMES TO VISIT ARIZONA'S MINES

TUCSON, Feb. 4.—For the purpose of making an inspection tour of the mines of Arizona, Dr. J. A. Holmes, director of the United States bureau of mines, arrived in the city from the east yesterday and will remain in the state for several months, going from place to place by automobile.

Dr. Holmes is one of the most noted mining men in the United States, and his present visit will mean a great deal for the state in the present campaign of mining men for a re-organization of the principal industry of Arizona. He will fit out for Phoenix, and make that city his headquarters, going first in the west, then to the north and east and later back to Tucson.

He will have an automobile completely equipped for camping purposes and will make the trip one for recreation and pleasure as well as business.

Dr. Holmes believes that the bill for 14 mining experiment stations at various points in the country which came up for consideration in the house yesterday is almost certain to become a law, as its advantages are so evident that the bill has the support of so many mining men.

Dr. Holmes is the guest of Col. May de Kalb. Last evening he was the guest of honor at a dinner given by Prof. Willis. The other guests were: Courtney de Kalb, Dr. Chas. H. Clapp, and E. B. Ladd.

He will remain in the city for several days before going to Phoenix to begin his trip.
